**Course Description:** The Survey of Western Art from Prehistoric to Medieval is a general introduction to the history of western European art, its ancestry and its heritage. It is designed for the beginning student, and assumes no previous experience in art or art history. In addition to lectures, students will be expected to participate in class discussions.

**Course Goals:** In addition to introducing you to many of the major surviving monuments of painting, sculpture and architecture from ca. 2500 BCE to 1500 CE, this course will teach you fundamental skills of visual analysis and provide you with the vocabulary and concepts for discussing works of art orally and in writing. No less important, the enormous geographical range and long time-span covered by the course provide a unique opportunity for investigating the relation between works of art and the varied cultures in which they were produced. In addition to learning about creative thinking and skills, understanding human cultural diversity is a major goal of this course, as it is of your liberal arts education.

**Lecture Power Points:** Every lecture will be composed of a power point that will be made available to you. The power point will include: all works of art discussed in lecture, all vocabulary that you are responsible for on quizzes and the exam, and works of art for class discussion. Typically, this will be made available to you **before the class**.

**Writing:** There will be a 10-page writing requirement. These will consist of short (2-page) in-class writing exercises that will develop your ability to translate what your eye sees to the written word. Often, this process will lead to a better visual analysis of a work of art.

**Attendance:** The course moves quickly and missing classes will seriously impact your ability to perform well on the quizzes, exams and class participation. However, illnesses and family emergencies do happen, so let your professor and/or teaching assistant know if you will miss a class. Be sure to keep up with the course content by reading the appropriate pages in the textbook and reviewing the power points. More than 3 absences may result in a reduction in your earned course grade. **YOU MUST BE IN ATTENDANCE FOR THE ENTIRE CLASS PERIOD TO BE MARKED AS ATTENDING. SNEAKING OUT OR SNEAKING IN, DURING THE BREAK, IS NOTED.**

You may access the internet during the testing period. You are being tested on HOW you are developing your skills and vocabulary, not just what you can memorize in a few days.**

**Quizzes and Exams will include the following:**

**1. Slide Comparisons.** Two slides are shown, and you are asked to answer a question that involves comparing or contrasting them. In such comparisons, it is important to address specific qualities or features of the works of art, and use them as evidence to support more general conclusions. **IDENTIFY EACH WORK OF ART/ARCHITECTURE FULLY:**

**3. Unknowns.** You will be asked to discuss a work of art or architecture which you have not seen in lecture or in class discussion. Based on the knowledge you have acquired, you will discuss the medium, the subject, the style, and the possible function of the "unknown" work of art. **COMPARE IT TO A WORK OF ART DISCUSSED IN LECTURE, BE SURE TO USE THE VOCABULARY LISTED ON THE POWER POINTS.**

**Slide identification.** For every work or monument, you are expected to include:

- \* the title (and in figurative works, the subject matter-- when it is not already part of the title);
- \* the date of the art or architecture
- \* the name of the maker or designer (when known);
